CHLORINE FREE SANITISER

For Pools & Spas

Pool Pro POOL & SPA SANITISER is a chlorine free, safe and effective sanitiser that can be used instead of chlorine or bromine in your swimming pool or spa.

It uses Hydrogen Peroxide, a powerful oxidiser, to control bacteria in the pool or spa water. Hydrogen Peroxide can also help prevent algae growth.

If you suffer from asthma or have sensitivities to chlorine, Pool Pro POOL & SPA SANITISER is the ideal choice for creating a chlorine and bromine free swimming environment.

Known as one of the most powerful oxidisers, Hydrogen Peroxide will help keep your pool sparkling and clean.

Pool Pro POOL & SPA SANITISER has an ideal level of 100ppm.

START-UP DOSAGE RATES TO REACH 100ppm

300ml per 1,000L of pool water

1L per 1,000L of heated spa water

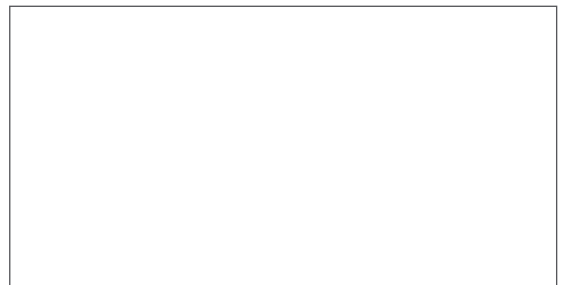

ONGOING DOSAGE RATE TO RAISE BY 10ppm*

100ml per 1,000L of pool or spa water
